Professional Printer

incorporating Printing Technology

Journal of the Institute of Printing

Index to Volume 22, 1978

Numbers 1 — 6

Issued with Vol. 23, No. 4.
July, 1978

The first figure indicates the issue number, the second the page.

Banks, D J G: New incentives and pay structures 5,14

Bensusan, Geoffery: Review of *Typographic Workbook* (Brian Atkins) 4,18
Review of *Fit to be styled a typographer* (James Moran) 6,18

Black, J: Evaporative drying of inks, using high-velocity air jets 1,12

Business studies, new look for: Jane Elliott 4,14

Card, G C: Managing technological change 2,4

Chadwick, Peter: Some special uses of flexography 5,2

Chamberlain, Neville G: New developments in offset blankets 6,2

Chemistry of photoelastomers for flexographic printing plates: N L Moore 5,9

Collins, J W H: Technical and commercial trends in the book printing industry 3,10

Co-management systems in Germany: Erwin Ferlemann 5,4

Computer techniques: T S Hill/A E Salt 3,13

Decorating glass and ceramics. A review of methods of: R A Keeling 1,10

Design and print production workbook (David J Plumb): Reviewed by Ian Harris 6,19

Designing industrial text (James Hartley): Reviewed by John Dreyfus 4,18

Direct to the point: Reg Hodgson 4,7

Dreyfus, John: Review of *Designing instructional text* (James Hartley) 4,18

Elliott, Jane: New look for business studies 4,14

Evaporative drying inks, using high-velocity air jets: J Black 1,12

Ferlemann, Erwin: Co-management systems in Germany 5,4

Flexography, some special uses of: Peter Chadwick 5,2

Free press in a free society: O R McGregor 1,2

Goldfarb, S M: Quality assurance of HMSO supplies 2,8

Graphic design for printing: (IOP publication) Reviewed by Cal Swann 6,19

Guidelines for the assistance of authors 6,12

Hale, D R: Technical aspects of book printing 4,2

Harris, Ian: Review of *Design and print production workbook* (David J Plumb) 6,19

Hill, T S/Salt, A E: Computer techniques 3,13

Hodgson, Reg: Direct to the point 4,7

Humpidge, Peter: People can be developed 1,8

Incentives and pay structures: D J G Banks 5,14

Industrial relations training: Sam Wright 6,14

Joy, G: Technical aspects of bookbinding 4,5

Keeling, R A: A review of methods of decorating glass and ceramics 1,10

Lasers in platemaking, the use of: Paul Liggins 2,16

Lawson, L E: Screenless Photolithography 3,2

Liggins, Paul: The use of lasers in platemaking 2,16

Lithography; or the art of making drawings on stone for the purpose of being multiplied by printing (Henry Banks): Reviewed by James Moran 1,17

Manager in the eighties, the role of the: D P Moody 5,7

Managing economic and social change: Michael Pegge 2,2

Managing technological change: G C Card 2,4

Moody, D P: The role of the manager in the eighties 5,7

Standards for technical documentation 6,8

Moore, N L: The chemistry of photoelastomers for flexographic printing plates 5,9

Moorfoot, Rex: From inside television, looking out 6,16

Moran, James: Review of *Lithography; or the art of making drawings on stone, for the purpose of being multiplied by printing* (Henry Bankes) 1,17

McGregor, O R: A free press in a free society 1,2

Nash, Clive: Reproduction via screen and line paste-up 4,12

Offset blankets, new developments in: Neville G Chamberlain 6,2

Pegge, Michael: Managing economic and social change 2,2

People can be developed: Peter Humpidge 1,8

People matter: Joe Wade 1,8

Quality assurance of HMSO supplies: S M Goldfarb 2,8

Quality control in HMSO: A A Smith 2,6

Reproduction via screen and line paste-up: Clive Nash 4,12

Salt, A E/Hill T S: Computer techniques 3,13

Screenless photolithography: L E Lawson 3,2

Smith, A A: Quality control in HMSO 2,6

Standards for technical documentation: D P Moody 6,8

Swann, Cal: Review of *Graphic design for printing* 6,19

Technical aspects of bookbinding: G Joy 4,5

Technical aspects of book printing: D R Hale 4,2

Technical and commercial trends in the book printing industry: J W H Collins 3,10

Television, from inside ... looking out: Rex Moorfoot 6,16

Typographic workbook (Brian Atkins): Reviewed by Geoffery Bensusan 4,18

Typographer, fit to be styled a: (James Moran): Reviewed by Geoffery Bensusan 6,18

Wade, Joe: People matter 1,6

Wright, Sam: Industrial relations training 6,14
